## The things that make Unlimited Possibilities so 'Unique'!

UP Family Care Home is not a typical assisted living facility. Rather, it represents an innovative senior care model for individuals who can no longer live independently, but who still want to feel that they have a home and a purpose.

### Our Home

UP Family Care Home is a licensed, person-centered, non-institutional environment that will stimulate and enhance the lives of its senior residents by providing 24/7 care in a small home setting. In our newly remodeled and immaculate home, UP Family Care Home can accommodate up to four elderly residents. Our staff is professional, caring, and respectful and held to the highest standards of care. With more locations to come, UP Family Care Home is uniquely

positioned to serve your current and future family care needs. Please visit our website at [www.upfamilycarehome.com](http://www.upfamilycarehome.com) to learn more about the unlimited possibilities awaiting your loved ones. We would love for you to tour our community and discuss how we can help your family members thrive in a place they can call home.

### About Us

At Unlimited Possibilities Family Care Home, we are committed to providing services that are person-centered, culturally competent, and community based. In so doing, we are

fast becoming the premier service provider for seniors in need in Mecklenburg County and beyond. If you are interested in joining our team of healthcare providers, wish to receive additional information about UPFCH, or know of an elder in need of our professional services, we urge you to contact us without delay.
